

Wilhelm Scholê International Dinner Honors Consul General Qiao Hong and Consul Alexandra Theodoropoulou

More from Houston: An extraordinary evening recently took place at the Hotel ZaZa where Houston was introduced to two women who have recently made history.

Marilyn Wilhelm, Founder-Director of Wilhelm Schole International, hosted the dinner honoring **Qiao Hong**, first woman Consul General from China in the history of the United States and **Alexandra Theodoropoulou**, first woman Consul General of Greece in the history of Houston.

This magical evening celebrated the differences between the East and West and how these differences create an unforgettable harmony. No detail was overlooked, from the enchanting floral arrangements provided by **Jeff Bradley**, which combined roses, bamboo and olive branches, all symbolic forms of wisdom, to the authentic Chinese and Greek dances performances by Dance of Asian America and the Olympian Dancers, arranged by **Jefferson Todd Frazier**, Executive Director of Young Audiences of Houston.

Joanne King Herring and Lily Chen Foster Javier Morena Valle and Carolyn Farb

Mayor Bill White issued a proclamation, presented by former Texas Secretary of State, **Jeffrey Conner**, declaring October 25, 2007 Consul General Qiao Hong and Consul General Alexandra Theodoropoulou day in the City of Houston. Ms. Wilhelm

also took this opportunity to share news of the Confucius and Socrates Project, which involves three pairs of life-size bronze statues of Confucius and Socrates: one pair for Athens, Greece, one pair for Beijing, China in 2008 and one pair for the United Nations in New York in 2009.

The statues were inspired by the theme of the XXIX Olympiad *One World One Dream*. This project provides a golden opportunity to honor Confucius and Socrates and the unchanging principles of civilized life as taught by these two most revered teachers of the East and the West.
